## A Valuable Agent.

The glycerine employed in Dr. Plerce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antisopic and antigrament. It adds greatly to the efficacy of the Black Cherrybark, Golden Beal root, Stone root and Quese's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities. In all cases where there is a wasting away of fiesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and side the Golden Seal root, Stone root. Queen's root and Black Cherrybark in promoting digestion and building up the fiesh and strength, controlling the sough ynd bringing about a healthy conditions the whole system. Of course, it must hot be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sure throat with hourseness. In acute coughs it is not so effective. It is in the lingering soughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Sead for and read the little book of extracts, trasting of the properties and uses of the several medicins is roots that enter into Dr. Pierce's Golden Medical Discovery and learn why this medicine has such a wide range of application in the cure of diseases, It is sent free. ## Horrors of Earthquake,

A dispatch from Constantinople, pub lished in yesterday's (fazette, stated that terrible earthquake shocks occurred in Bitlis, Turkish Armenia, on the 29th ultimo. The following dispatch has been received from Rev. Royal M. Cole, head of the American Mission at Bitlis: "Bitl's, Turkish, Armenia, April 3.— At 10 o'clock in the forenoon of March 29 there burst upon us the worst earth-quake witnessed in 40 years in these or the Erzerum volcanic regions. Such was its force that our city seemed to be in

the isws of some monster whe would shake us into shreds, as a mastiff does his game. Down came the plastering, the furniture was overturned, cracks were opened in strong walls, roofs were shattered and rain poured in. During the first day there were 14 shocks and they still continue. There have been altogether 28 shocks. Of the 4,000 houses here more than 300 have fallen and half the remainder have been serious-ly damaged, about \$50 to \$500 being needed to repair each house. The officials report that eight persons were killed by falling walls, but they are all unknown in Bitlis. Many persons were wounded and many churches, mosques and government buildings were damaged. The surrounding villages sustained heavy shocks, but it was in the daytime, and so there was no great loss of life, Famine prices prevail and there is great poverty and extreme suffering."
